

Guppy Club of Great Britain

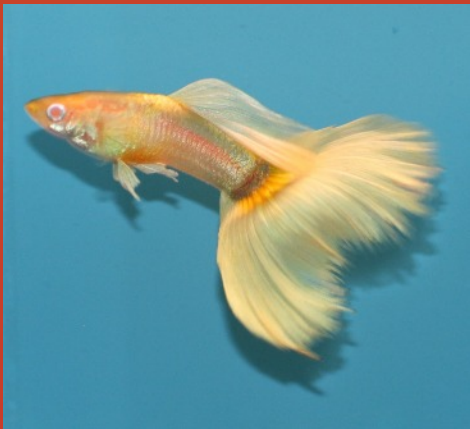

Guppy Club Of Great Britain

Mission Statement

The focus of the organisation is to build and maintain a working relationship with other IKGH Guppy breeders both in the UK and abroad. To grow the organisation within the UK and attract breeders to Show Guppies at The IKGH European Championships.

Changes to GCOGB

The Guppy Club of Great Britain has always been a stand alone On-line club. Interest in Showing on the European IKGH Show circuit.

Recent discussions with other UK Guppy Breeders has led me to believe. Showing at these events seems to have dwindled during recent times with only few UK breeders now prepared to make the effort to send entries.

It is important to support the IKGH Shows and share in its information and gene pool.

This year FGUK Show in Warwick number of entries were much lower than what I had experienced during my time post 2012.

Notably with the separation of some breeders showing under a different club banner. This also appears to have weakened the UK interest of some European Breeders showing abroad.

It is therefore an attempt to bring the Clubs together under a new heading Guppy Keepers Society (UK) has come about, and is being guided by Stephen Elliott.

The Guppy Club of Great Britain will still be maintained and will promote Information and updates from the IKGH.

I will be registered and showing under the banner of the Guppy Keepers Society (UK).

Guppy Club Of Great Britain.

Is now part of the New Guppy Keepers Society (UK). This will offers the opportunity for Guppy Breeders to expand their interest in the IKGH European Show

IKGH SHOWS 2019

It will take me sometime to build up a Show team to compete on the IKGH Circuit. It is still my intention of attending some IKGH Shows during 2019.

Meet old friends and I hope make some new ones.
